

## Getting Started: Transfer & Licensure-Only Students

### Transfer students who arrive to App State with an Associate's degree

These students will have already fulfilled [Gen Ed requirements](#); the main priority is to enroll in the first Education courses that are open to all students, and do not require formal acceptance to RCOE, as well as begin fulfilling History and Social Studies course requirements (particularly HIS 2800).

### Transfer students who do not hold an Associate's degree

These students may have to take Gen Ed courses. Regardless of status, advisors will help transfer students with a transcript evaluation. Please note that any History classes (up to four) taken at the 2000-level at another institution can count towards the major.

### Licensure-only students

For those who already hold a Bachelor's or Master's degree, and are seeking 9-12 licensure by completing specific parts of the [History/Social Studies Education program of study](#), you will undergo a transcript evaluation first. Afterwards, a contract will be developed in conjunction with the Licensure Specialist in RCOE and the HEP office in the History Dept. This contract outlines your specific plan of study towards licensure.
